Measure	Activity
Priority 1 (Academic) Ensure children who are PP and not on track to make required progress in R, W, M are targeted to meet their targets based on their starting points	Invest in CPD for staff in reading, writing and mathematics and purchase resources to support in quality first teaching (QFT) and academic interventions where appropriate.
Priority 2 (Wider Strategies)  Developed provision for social emotional and mental health (SEMH)	Pastoral support time with TA for children eligible for PP grant. (weekly time- More information on class provision maps). Daily 'check-in' time and further support time identified if needed.  All children eligible for PP are supported to engage in a wide range of enrichment opportunities and financial support will be provided to ensure engagement.
Barriers to learning these priorities address	Ensuring staff use QFT CPD within whole class teaching interventions. Some of the children who are eligible for PP also have SEND resulting in lower attainment

	Some of the children who are eligible for PP need support with emotional and social skills.
